

ROAD BLOCKAGE CAN'T

STOP THE GANG!

The February match was slightly delayed in the morning by a single car accident that took out a power pole that blocked the road. The Gang hung out in the parking lot and drank complimentary coffee provided by the Piru Market. After about a half hour of the Gang assisting the local authorities with opinions, suggestions and moral support, the road opened again. As the Gang headed out to the range the CHP, electric company and the Piru locals breathed a sigh of relief as they waved good bye. So after a short delay, we made it

out to the range and had a great day of shooting, thanks to Frito and Muleskinner Pat who were the match directors.

Congrats to Raven Moon and Fredrick Jackson Turner, overall winners.

We can all get on one side of the pole and.....

A helicopter could just lift it right up!

Even if I have to carry my guns in, I'm going to shoot today!

I'm retired, I can shoot anytime!!!

Will you carry mine too?

Juice is nice, but I need bullets!

SUNDAY'S MATCH

The Winter Range contingency from The Hole in the Wall gang will be back to share

experiences and spin stories about all the happenings that took place at the National Championship match and some will be sporting their new belt buckles! Me and Smoky Burn are setting up the stages and Latin Gun will be serving breakfast and lunch.
